### **Clean And Green Campus Initiatives Report**

Cleanliness is next to Godliness means cleanliness lead the way to godliness or goodness. Through the practice of the proper cleanliness we can keep ourselves physically and mentally clean which really make us good, civilized and healthy human being. Cleanliness is the responsibility of everyone and they need to maintain the cleanliness and hygiene of their surroundings and themselves.

Cleanliness brings good and positive thoughts in the mind which slows down the occurrence of diseases. Cleanliness is the matter of attitude which is possible through the proper awareness among common people.

To promote students to make Campus clean college organized a clean campus drive.

In this drive all students participated from all classes.

This gave students an opportunity to work in team to make our surroundings clean.

We also organised a green Campus initiative for all students, we have planted various plants in our Campus.

In this Green Campus initiative students actively participated and spread the importance about tree plantation among all students of college and their parents.

In this drive following actions were taken

➤ **Say No To Single-Use Plastic**

- College had initiated a campaign Say No To Single-Use Plastic to bring awareness among College Students. Students & Teachers had brought all the plastic waste from their homes.

➤ **Swachhta Rally**

- College initiated Swachhta Rallies for creating awareness for **Clean and Green**. Students & Teachers participate in Rallies to spread the word.

➤ **Plantenance**

- Students are made aware of the importance of Environment and how planting trees play an essential role. They adopt trees on their Birthdays and other special days.

➤ **Going paperless:**

- Online services are extremely eco friendly and can reduce the amount of paper needed to print your bills and reminders. Therefore, opt for paperless billing when you can.

➤ **Educating kids:**

- One of the most effective ways to prevent future destruction of the environment starts at home. Teach your kids the three R's- Reduce, Reuse, Recycle, and the importance of keeping the earth clean. Kids that implement these practices from an early age will increase the chances of the planet surviving in the future.

➤ **Contributing to an environmental awareness cause:**

- Putting some extra time or money into a cause that promotes a greener environment will not only help the planet but will also make you feel good about your contribution, too.
