

## VPS College of Arts, Science and Commerce Lonavala

- **- Student-centric methods such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences:**

VPS College conducts various student centric activities throughout the year. Our institution believes that to shape students behavior in correct manner it is important to provide effective platform for students to develop latest skills knowledge and attitude. College organizes various activities like group discussions, model making, field visits, debates, assignments, seminars, project writing, exhibitions, writing articles and power point presentation to provide experiential, participative and socialistic learning.

College also organizes co-curricular activities, extra-curricular activities sports and cultural events which help students for their all-round personality development.

The institute focuses on the student-centric methods of enhancing lifelong learning skills of students. Faculty members make efforts in making the learning activity more interactive by adopting the below-mentioned student-centric methods.

a) Experiential Learning: To enhance cognitive levels of the students college follow below mentioned experiential learning practices –

- Laboratory Sessions.
- Add-on Courses on latest technologies.
- Project development on latest technologies by students.
- Industrial Visits to engage students in experiential learning while visiting the organization.

b) Participatory Learning: In this type of learning, students participate in various activities such as seminar, group discussion, projects, power point presentations and the skill based add on courses. Students are encouraged to participate in activities where they can use their specialized technical or management skills.

c) Problem-solving methods: Departments encourage students to acquire and develop problem-solving skills. For this, college organizes expert lectures on various topics; motivate students to participate in various inter-college and intra-college technical fests.

## **Participation of students in inter college activities**

- VPS College provides platform for students to improve their knowledge.
- Our students also enthusiastically participate in intercollegiate events organized by other colleges.
- This gives them great exposure to other institutions and makes them competitive.
- Participating in intercollegiate events outside the college provides them with an opportunity to build networks and new friendships.
- Overall benefits of intercollegiate participation and organization are many. Extracurricular activities provide a place for students to come together, discuss pertinent ideas and issues, and accomplish common goals.
- Within this community, where students feel comfortable with one another, learning and development are enhanced and student retention is positively impacted.
